

FORESTHILL ROAD BRIDGE PAINTING

PROJECT NO. 2698

SUPERVISORIAL DISTRICT 5

- VICINITY MAP -

- VIEW OF BRIDGE LOOKING EASTERLY -

PROJECT DESCRIPTION

The bridge has not been painted since its construction in the early 70's. The existing paint is breaking down in many areas. If deterioration of the paint is not corrected, it will continue and adversely affect the structure. The proposed solution is to remove existing areas of failing paint and repaint the entire structure.
